

On behalf of the National Executive Committee (NEC) of the African Heart Congress, I'm humbled to introduce 2024 National and Provincial Elections Manifesto, under the theme "RESTORE THE PEOPLE'S DIGNITY".

The 2024 National Elections comes 30 years after the first South African Democratic Elections in 1994. This has been 30 years of ignoring people's issues.

The 2024 National Elections presents us with an opportunity to Restore the People's Dignity, thorough provision of quality Healthcare, Education, job creation, reliable and subsidised public transport, Increased Social Grants.

By Voting AHC the load shedding will be the thing of the past and the future of the South African Economic Growth Shall be bright.

The State Owned Enterprises Transnet, Telkom, Post Office/Bank and SAA shall be brought back to life and service the country's needs.

The AHC Manifesto is a people's Manifesto, Manifesto of inspiration and hope. This a Manifesto, for the People of Diepsloot, who are faced with crime, robberies and murders on daily basis.

This a Manifesto for the people of Hamskraal, Tzaneen, Giyane without water. This is a Manifesto of hope for young South Africans without access to free university education and jobs.

This is a Manifesto of hope for the people of Eastern Cape without roads and bridges.

This is a manifesto of hope for the people North West and Limpopo, where Copper and Platinum is mined at their backyards but they don't have mining rights. This is a Manifesto of hope for the people of Gauteng, the Economic hub of Africa but they are jobless and homeless.

This a Manifesto of hope for the people of Western Cape, where services are only delivered on the basis of the colour of their skin.

This is a Manifesto of hope for the undermined Traditional Leaders and their dignity shall be restored under the AHC government.

Fellow South Africans, let's seize the moment and vote for AHC on 29 May 2024.

THANK YOU!

AHC PRESIDENT : **MOLOKO MPOLOBOSHO**
